

FORCED MARCH OF AMERICANS FEAR TO CANADA ATTACK UPON S DEATHS IN VERA CRUZ

Duke of Argyll, Son-in-Law of Late Queen Victoria, Passes Away

POPULAR RULER IN THE DOMINION

Was Educated at Cambridge and Served in Army For Many Years

By Bulletin London Wire. LONDON, May 3.—The Duke of Argyll, son-in-law of the late Queen Victoria, and former governor general of Canada and tonight at East Coast, aged 69.

John Douglas Mackenzie Campbell, ninth Duke of Argyll, and member of many other hereditary titles, was born at Blairmore, Scotland, August 14, 1845. He was the son of George, eighth Duke of Argyll, who died in 1890. He was a statesman of several scientific and political institutions and who was the author of several scientific and political institutions and who was the author of several scientific and political institutions.

The only information respecting his childhood that is contained in the "Standard" under date of May 3, 1877, at which time his majesty and the late Prince of Wales, who was then Prince of Wales, visited him at the castle, the royal journalist writes: "The Duke of Argyll, then a young man of about twenty years of age, was a tall, fair, little fellow, with a high forehead, but very delicate features, like his father and mother; he was

RUMORS SAY THAT HUEHSTA WILL RETIRE

By Bulletin London Wire. LONDON, May 3.—Persian rumors continue to circulate that General Huerta intends to retire from his present position of president of Mexico on condition that he be assured a safe conduct to a port and placed on board a Russian war ship.

It is declared in some Mexican circles in this city that General Huerta has been in Vera Cruz for a week ago, but was prevented from leaving by internal dissensions in his cabinet.

The question of food supply will be a serious one for the city, but it is not reached a stage which may be regarded as critical, although many products have run short.

By Bulletin London Wire. LONDON, May 3.—After yesterday's acute alarm, when it was reported that a considerable force of Mexicans had attacked the American outposts at the water plant, no word, all was quiet here today. Many of the American outposts in the morning, but the attack on the water plant was not repeated.

BRITISH BUDGET TAKES PLACE OF THE RILE

Lloyd George Will Face Budget of From 205 to 220 Million Pounds

HON. A. J. BALFOUR MAKES PASSIONATE UTTERANCE

Evident That Ministers Will Not Dissolve Parliament Before Next Spring

By Bulletin London Wire. LONDON, May 3.—(M.A.P.) The British Budget will be brought forward by Mr. Lloyd George in the House of Commons tomorrow.

Mr. Lloyd George is presenting his sixth budget, facing an expenditure which is estimated at £220 million, or £220,000,000. The last year's national revenue falls £1,000,000 short of the £220 million estimated expenditure. The national growth of the tax revenue is estimated at £100 million, but it is expected that the government will have to raise £100 million more to meet the expenditure.

To Remedy Income Tax. It is generally expected that the income tax will be increased in order to make up the deficiency. Mr. Lloyd George is expected to announce the details of the budget tomorrow.

American Refugees Reach San Diego; Massacre Threatened

Guadalajara Scene of Near Massacre—United States Flag Insulted and Americans Chased Around and the Street by Enraged Mexicans—Soldiers Encourage Trouble

San Diego, Calif., May 1.—Driven from their homes by an anti-American outbreak, the result of the landing of American marines at Vera Cruz, 249 refugees from Mexico reached here today on the steamship Marie, which left Manzanillo April 25.

The majority of the refugees are from Guadalajara, a city of 100,000 people, territory, others coming from Colima and Manzanillo. The refugees are Americans with no interest, that the majority of the refugees are from Colima and Colima were forced to seek the protection of the United States in those cities. Anti-American demonstrations were held in Guadalajara, the Mexican press was given a false report that Americans had been killed in the streets and that wholesale assassinations were made.

Antonio Del Rio, governor of the state of Colima, received a speech inciting Mexicans to take up arms with the exiles, and a speech in which he incited Mexicans to take up arms with the exiles, and a speech in which he incited Mexicans to take up arms with the exiles.

Man For His Life. A mob took for Percy and he was forced to run for his life. He finally gained the hotel where the other Americans were waiting to take the train to Manzanillo.

While refugees from Guadalajara were at the wharf waiting for their baggage off a vessel thought to be an American vessel was excited. Direct excitement resulted and a Mexican steamer was ordered to take the American consular, tore from the wharf to take the American consular, tore from the wharf to take the American consular, tore from the wharf to take the American consular.

The wharf was cleared promptly by blowing it up with dynamite and the current municipal history, since he left last September on a long visit to the following in the States.

The Americans there were marched to the consular. Crisis of "Viva Mexico" was heard from the streets. The Americans there were marched to the consular. ADVERTISED GOODS

THE ROAD TO THE RIGHT.

YOU'VE met at least one of those few good old souls, who are constantly getting the worst of it when shopping, who don't believe in advertising. A hundred disappointing and instructive experiences have failed to teach him their plain lesson.

When he bought his first watch he was beguiled into buying one without a known name or a trustworthy guarantee. The watch—a poor timekeeper—cost him dearly by reason of missed appointments and missed trains, and for frequent repairs. Yet he paid the price of a good watch.

It is the same story with regard to his underwear, his shoes, and his fountain pen. This good old soul's case is not unique. Many of us, if the truth be confessed, resemble him; we allow ourselves to be sold merchandise with an unknown brand or trade mark instead of buying merchandise which is well known to us through the medium of advertising.

In most of these cases we get "stung" pretty often. "The road to the right" thing to buy has been made plain by advertising. There is no good reason for passing by the known name, which is guaranteed to give a dubious article, which, quality for quality, cannot be cheaper than the known, branded article.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper. If you are doing a provincial or national business it would be well if you have the counsel and assistance of a good advertising agency. A list of these will be furnished you, free of charge, by the Secretary of Canadian Press Association, Room 563, Canadian Bank, Toronto.

INCENDIARY BLAZE DRIVES FOUR FROM HOME IN NIGHTIES

Fire, Believed to Be of Incendiary
Origin, in Stony Plain
House

SNAPPING NOZZLE ALSO BREAKS FIREMAN'S LEG

Blaze Believed to Have Originated
in Empty Basement—Police
Are Investigating

(From Evening Edition)

Fire of mysterious origin caused Saturday in a seven house terrace this morning to a seven-story terrace owned by Mrs. A. Sanderson on the Stony Plain road at the head of 122nd street, and to an empty house at 722-1/2 14th Street. The fire, which broke out at 11 o'clock, was caused by a fire in the empty basement of the house at 722-1/2 14th Street, and it is believed to have originated in the empty basement of the house at 722-1/2 14th Street, and it is believed to have originated in the empty basement of the house at 722-1/2 14th Street.

Fire, which broke out at 11 o'clock, was caused by a fire in the empty basement of the house at 722-1/2 14th Street, and it is believed to have originated in the empty basement of the house at 722-1/2 14th Street, and it is believed to have originated in the empty basement of the house at 722-1/2 14th Street.

The basement in which the fire started is used by Mrs. Sanderson for storing paint and building materials for repairs work on the various houses and buildings which she owns. It runs the whole length of the terrace, and in consequence nearly all the houses were affected by smoke to a greater or less degree. The entire basement of 181 is gutted, and the kitchen and a portion of the living room on the

ground floor are damaged. Hearing that the fire had spread to the upper floors the firemen tore out the house wall in many places, and the house will require complete reconstruction to make it habitable.

Might Have Been Accidental.

There was no insurance on the building, but the effects of the occupants of No. 181 are fully insured. While the opinion of some is that the fire was started intentionally, Mr. Gibson, who lived in 181, states that a queer smell was noticed in the house as early as 11 o'clock Friday night. It is thought possible that the cause was a spontaneous combustion of the paint which covered the basement.

The appearance of the kitchen of 722-1/2 14th Street, leads to the belief that the fire was started intentionally. The firemen gained entrance to the house through the main window, and found a hole two feet by two inches already bored in the kitchen floor close to the sink. The ends of charred sticks were protruding round the edge of the hole, and the fire had eaten nearly through the floor joists. The fact that the fire had burnt downwards, and the appearance of the half burnt joists, gave rise to the belief that a fire had deliberately been started with sticks, soaked in kerosene or some other inflammable material. Thomas Colman, of 727 11th Street is the next tenant, and was a slave moved in Saturday. Monday's visit the house Friday afternoon and found everything in order.

He Challenges His Opponent to Duel

M. Caillaux Demands Satisfaction
From Political Opponent in
Recent Election

Paris, May 2.—Joseph Caillaux, who was re-elected to the chamber of deputies in the general election held last week, has challenged Fernand Ducloux, the Liberal candidate in the chamber against him in the Blamers district, to fight a duel.

M. Caillaux resigned the ministry of finance after his wife killed M. Calmette, editor of Figaro, last March. The challenge was sent. It is explained here, because M. Ducloux is a member of the Blamers district, and M. Caillaux sent his records, General Ducloux said. Deputy Paschal Lescaille, M. Ducloux's ally, said this morning.

SIX-STORY BLOCK AT CORNER OF 104 AND JASPER AVENUE

A. R. Chisholm to Build Around
the Present Block on That
Site

WILL TAKE IN FOUR BUILDINGS ADJOINING

First Section of New Building,
Three Stories, to Be Built
This Year

(From Evening Edition)

One hundred and twenty to thirty thousand dollars will be spent by A. R. Chisholm in the erection of a six-story store and office building on the southeast corner of Jasper avenue and 104th street, which will have a frontage on the Jasper avenue of 187 feet, and a depth of 140 feet. It is planned to tear down the frame building to the east of the existing Chisholm block, which is owned by the Grand rate, Jim Wah Wah, and the Larkin Street, and the building to the east and south of the building. Plans have been prepared by Edward Underwood, architect, from which it appears that the intentions are to tear down the existing building and to erect a new building, to be known as the Chisholm block, raising the corner of the block, and to tear out the present front and fit in wide entrance in the center to serve the same way as was done in the Teater building on First street.

Excavations were started Saturday with six teams, and the first section, three stories high, will be constructed this year. The contract for the superstructure has not yet been let.

MANY NEW RECORDS SET
IN TWELVE-HOUR WALK

One-Armed Postman Created New
Record for 11 Miles, and Record
for 12 Hours is Broken

London, May 1.—Many new records were set in the twelve-hour walk which began at Stamford bridge at six o'clock this morning. A world's mark for eleven miles was created by Robert Briggs, a one-armed postman, who traveled that distance in 1 hour, 24 minutes 9.4 seconds, and thence to the sixteenth mile in 2 hours 2 minutes 29.4 seconds, when he retired. Briggs had beaten all the best previous records.

At the 51st mile, E. C. Horton beat him knocking over the record, his time for the distance being 3 hours 8 minutes 25.4 seconds. He completed 60 miles in 9 hours 42 minutes 10 seconds.

The competition walk was open to 25 starters, and the record which the postman set out to beat was 72 miles, 22 yards.

The twelve-hour amateur walking match, which began at Stamford bridge at six o'clock this morning, was won by E. C. Horton, who covered 53 miles and 140 yards in the specified time, breaking the record.

Stole Clothes From Man's Trunk in the Immigration Hall

Thief Then Set Fire in Basement
Which Fortunately Did Not
Gain Headway

(From Evening Edition)

Shortly before 9 o'clock Saturday morning some one broke into the Immigration Hall through a back window, pried open a trunk in the basement, belonging to the junior, and stole some articles of clothing and set fire to other clothes which were in the trunk. At eight o'clock the man who stole the clothes went to the basement, giving a fictitious name and address to the keeper of the store.

The articles were included in the usual second-hand store reports which are received by the police at ten o'clock each day, and a detective went to look at them. They corresponded to the articles missing from the trunk and the owner identified them as his. A description of the man who stole them at the store has been obtained by the police and little difficulty is anticipated in effecting his arrest.

The fire was not a dangerous one, although there were indications of oil being used. The fire burned for a short time in the clothes and finally went out. There were over 100 people in the building at the time, and it had secured any headway it might have been a most disastrous conflagration.

The amateur record for twelve hours has been 72 miles 22 yards. The fire was second with 70 miles 1,662 yards, and Hammond third, with 70 miles 772 yards.

DENOUNCE WILSON POLICY IN MEXICO

American Marines Gave Mexican
Soldiers "Lafuga" for Killing
an American Girl

New Orleans, May 2.—How American marines gave a squad of Mexican soldiers in Vera Cruz "Lafuga" for killing an American girl was told yesterday by First Mate Hulthman of the steamer City of Mexico.

"Lafuga" is the Mexican fugitive law, which permits killing of accused prisoners.

Hulthman, who witnessed the fighting, said that an American girl was being escorted to the pier, when the Mexican soldiers fortified in houses along the route, shot her down.

"The marines charged into the street, which the shots came, and the marines killed the men, women and children they were driving before them. One new sight and left, the police jumping over the bodies of prostrate men, boys and women and even babies, to reach the people on the street with their clubs.

The end of the charge came when Schmitzberger and Acting Inspector Merino rushed to the foremost police clubber, stabbed him by the collar and then he is in the hands of the police. Two women, after the fracas, were treated for hysteria and bruised.

"Your senate has listened to accounts of one hundred and twenty killed in three years, mostly in 1911 and 1912. I have records of upwards of 200 foreigners—all save a very few Americans—littered since the opening of the bloody war in the city of Mexico.

There are but two courses for the United States to pursue: The United States must either absolutely conquer and control Mexico or recognize her foreigners and their property were protected. Evidently President Wilson does not know or realize the ethical part of the country."

Refugees on one of the ships now in port asked permission to denounce the Wilson policy in Mexico.

LARGEST TERMINAL YARDS IN AMERICA

C.P.R. Yards at North Transcona
Now Completed—In Full
Swing Monday

Winnipeg, May 2.—Construction operations, extending over a period of almost two years, have now brought to a completion the new terminal yards of the C.P.R. at North Transcona, and Monday will see for the first time the enterprise running at full swing.

The Winnipeg terminals of the C.P.R. are now the largest of their kind in America and perhaps the largest in the world. At all, they comprise within a fraction of a mile of 200 miles of tracks. The Transcona tracks alone make up a total of 150 and cover an aggregate distance of 185 miles. On these there is a capacity of 8,000 cars now, and the work in prospect for the future will bring this capacity up to 15,000 cars.

MAY DAY PARADE OF SOCIALISTS IN N.Y.

Force of 300 Policemen Charged
Crowd and Club Men, Women
and Children

New York, May 2.—With Chief Inspector Schmitzberger close behind them, issuing vain orders for them to halt and return to their stations, a force of 200 uniformed policemen charged through the May Day gathering of socialists and labor unions who gathered in Union Square yesterday afternoon to celebrate the international labor day.

The police charged stamped 6,000 of them, most of the socialists and labor unions, and the police charged stamped 6,000 of them, most of the socialists and labor unions, and the police charged stamped 6,000 of them, most of the socialists and labor unions.

RAILWAYS ASK FOR INCREASED SUBSIDY

Claim That Rate of 16 Cents per
Car Mile Does Not Compensate
for Cost of Operating

Ottawa, May 1.—Correspondence subsequent to the recent increase of subsidy to the railways for carrying the mails is contained in a return brought down in the house yesterday. President Chamberlain of the Grand Trunk, points out that there are certain considerations to be remembered in the future. One of these is that the rate of sixteen cents per car mile for full mail cars does not compensate for the average cost of operating such cars. It is further claimed that the rate of four cents per mile for baggage in baggage cars is inadequate and, further, that railways which have no land grants should get 20 per cent more, as they do in the U.S. For the service between Montreal and Toronto, where several clerks are carried, the company asks to be paid the least commutative rate.

FIRE AT TARA, ONTARIO.

London, Ont., May 2.—Half the business section of Tara was destroyed by fire this morning, with an approximate loss of \$25,000, and indirectly the death of Mrs. A. Miller, an elderly lady, who had been ill for some time and whose removal from a building near the scene of the fire caused her to take a sudden relapse, to which she succumbed.

Opening Game Will Be Played At Diamond Park This Afternoon If Weather Is Favorable

"If it is not actually raining hard at 4 p.m. Monday afternoon when the opening game of the Western Canada league season is due to start the Eskimos and Quakers will play." So remarked Deacon White last evening when asked if there was any chance of the opening day ceremonies being postponed owing to the inclement weather of Saturday and Sunday. "No matter if it rains all morning as long as it clears in the afternoon the game will be played," Deacon continued. "The diamond which has been like cement all spring will be all the better for the drenching it has received."

L. L. Pearce, chairman of the parade committee, was equally emphatic and said the Edmonton Industrial Assn. had not lost heart owing to the poor weather. "The parade will start as originally intended from the Empire hotel at 3 o'clock sharp. Auto owners are asked to be on hand by 2.45 p.m. at the latest. A block of 400 reserved seats has been placed on sale at the hotel intended for those participating in the parade. Seats will be reserved in the grand stand at the park. If it is not raining the parade will be proceeded with as the route is almost entirely along the paved streets, the only unpaved portion being the McDougall Hill and the water drains it nicely.

Never has such interest in a baseball game been manifested before in Edmonton's baseball history. Every man, woman and child in the city seems crazy, and with the benefit of a partial half holiday there will be no excuse for anybody being absent from Diamond Park this afternoon. Fans should not forget that their wives and children enjoy a good game of ball as much as anybody and would like to be among those present. Hudson's Bay staff will attend in a body and McEvil's will be represented by 150 lusty rosters who will be in the parade riding on the company's motor trucks. The Citizens Band will tour the business and residential districts this morning, weather permitting, and will lead the parade this afternoon. As an additional feature the drums and bugles of the Newboys Band will make their debut in public. In the first auto in the parade will be found Mayor McNamee, W. J. Magrath, President of the Edmonton Industrial Assn., Managers Nordyke and Bill Hurley and President Jas. Fleming of the Western Canada league. The players of the Edmonton and Saskatoon clubs will be in the motors. The parade will reach the grounds at 3.30 sharp.

At the grounds in addition to the usual practice of the teams there will be additional features. L. L. Pearce has a specially trained band of rosters who will make the welkin ring, while Mayor McNamee will pitch the first ball, trying by all the arts and piratical repertoire to puzzle that well known batter, W. J. Magrath, who used to doubt them out for a batting percentage of .842 when he played for Belleville, Ont., in the Hoek and Eye league.

As an incentive to the players to perform deeds of skill and daring a splendid assortment of prizes has been offered. On this page will be found the prizes offered by the leading merchants of the city. The score card also contains some rewards for the athletes, while Chairman P. J. McNamee in behalf of the Home Trust committee of the Edmonton Industrial Assn. offers \$25 in gold to the first player making a home run today.

With Major Jay playing at Calgary and Regina at Medicine Hat the fans of Edmonton, Calgary and the Hat are expected to be friendly rivals to see which city can turn out the largest crowd. The Edmonton Industrial Assn. has aimed at a mark of 19,000 and with any kind of a favorable break from the weather man should come home to stay. There will be lots of company for everybody once they arrive at the park.

The line of march for the parade is: Empire hotel to Victoria Ave., to Ninth, to Jasper, to Vancouver, to Elizabeth, to First, to Jasper, to McDougall, to Diamond Park.

We wish you luck

Unable to Make Definite Announcement of Schedule Until General Manager Comes

Wm. A. Brown, superintendent of the Canadian Northern Railway for the Alberta division, returned to Edmonton yesterday from Winnipeg, where he has been conferring with officials of the C.N.R. with regard to routine matters in connection with the summer's work.

Speaking to the Bulletin last night, he said he was not yet authorized to make an announcement with regard to train services for the coming season.

Mr. McLeod, the general manager, he said, "is at present in Toronto in connection with important administrative matters, and will be returning and considering the suggestions I have made. I shall not see him in a position to say exactly what will be done any day soon."

The Bulletin asked Mr. Brown what he had heard of the proposed service from Edmonton to Athabasca.

Prospect of Daily Return Service—"That line is in good shape now," he said. "We are at present running a daily mixed, but owing to the increase in traffic, it is probable that a daily passenger service will be put on the line."

It would leave Edmonton in the morning at eight, arrive at Athabasca at 12:45, cross Athabasca at 2:15, and get back to Edmonton at 4:45. The train would be a passenger train, and from the north, of course, it would be a freight train.

Mr. Brown said at present suggestions will be carried out by mail, but he is not sure that it will be done with regard to the train service.

On the main line, he said, he is not sure that it will be done with regard to the train service.
